Documents:

This workshop on **integrating health in urban and territorial planning** in partnership with UN-Habitat, Metropolis, UCLG and ISOCARP will explore the assets that can support urban health in metropolitan areas and cities.

The workshop will be divided into three parts. The first part will have a short presentation to introduce the sourcebook and the workshop methodology. Followed by a group exercise and the session will wrap up with an open discussion to share experiences.

Agenda

- **Opening remarks**, Cecilia Anderson, UN-Habitat
-

Setting the scene

- **Puvendra Akkiah**, UCLG
- **Laura Valdés**, Metropolis
- **Jens Aerts**, ISOCARP

- **Sourcebook presentation**

- **Pamela Carbajal**, UN-Habitat

- **Group discussions:** Using the asset base approach. Moderated by:

- **Pamela Carbajal**, UN-Habitat
- **Laura Valdés**, Metropolis
- **Jens Aerts**, ISOCARP
