## UCLG Retreat 2025

19 Feb. 2025

21 Feb. 2025

Interactive Program

The **UCLG 2025 Annual Retreat** is a week-long gathering where key nodes of the **organization and partners align strategies, strengthen synergies, and shape actions** in line with governance work plans.

The UCLG Annual Retreat is a week-long gathering where key nodes of the organization and partners align strategies, strengthen synergies, and shape actions in line with governance work plans. It brings together political leaders, technical staff, and partners—including **Metropolis General Secretariat staff and members**—to exchange ideas, launch new initiatives, and drive innovation. Committees and Sections foster collaboration to place territorial development at the heart of the global agenda, while international partners explore joint ventures and ways to influence key discussions, making this a unique space for collective action and locally driven solutions.
