

More and more international partner institutions and bodies responsible for making awards to cities support the platform. In addition to the **Metropolis Awards**, the platform will be cooperating in the future with the **Guangzhou Award** and the **EUROCITIES Award** – to name just a few.

How can you get involved?

1. Register in just five minutes on the Metropolis Policy Transfer Platform with your personal, public profile.
2. After your account has been activated, you can:
 - upload case studies from your city;
 - find experts with similar interests or exciting projects and get in touch with them directly;
 - function as a contact person for external questions from experts, cities or organisations that want to know more about your case studies.

Get involved now at policytransfer.metropolis.org and forward this notice to other interested colleagues and institutions in your city, e.g. administrative departments, universities and research institutes, networks, local action groups or experts working on other projects.

If you have any questions and ideas, please mail them to policytransfer@metropolis.org.
