31 Dec. 2020

Date to be confirmed

The main positioning of the Digital China Summit is to serve as a platform for issuing China's policies on informatization development, displaying achievements of e-government affairs and digital economy and the exchange of theoretical and practical experience in building a digital China. The first Digital China Summit was held in April 2018 in Fuzhou where the second Summit was held in May 2019. The agenda mainly consists of 7 parts: the opening ceremony, main forums, sub-forums, digital China exhibition, policy release, digital China innovation contest, and the closing ceremony. The 3rd Digital China Summit is scheduled to be held in April 2020 in Fuzhou.

Leaders of government departments from different regions in China, well-known experts and scholars as well as leading enterprise representatives will gather together to share ideas and promote project cooperation according to the theme of the Summit.
