Smart City Live 2020

17 Nov. 2020
18 Nov. 2020

Since the global pandemic is still impacting our daily lives, the Smart City Expo team and Fira de Barcelona are finding a new way to reconnect all the industry actors and rebuild ecosystems to accelerate a much-needed recovery. This year SCEWC is transforming into an online event: Smart City Live, a one-shot, innovative edition happening digitally on November 17 - 18, 2020, that will maintain the event quality and international scope that we are known for while putting our participants' safety first.

The new Smart City Live will consist of a full-day, broadcast television show on day one, with interviews, debates, and success stories focusing on **how COVID-19 has impacted cities and is redefining citizens normality**, plus a program on day two featuring workshops, sessions, and side events, which will gather key players and global institutions to tackle the challenges beyond the short-term impact of the pandemic.

Smart City Live aims to be the place to **collectivize urban power**, to increase the **strength of cities**, to identify business opportunities, to establish **partnerships** and contribute to enacting **common policies**. A place to share research, best practices and potential common solutions, achieved through **effective collaboration**.

Join Metropolis at the Smart City Live 2020!

Tuesday, November 17, 14:38h - 15:03h (GTM +1): The Global Voice of Cities

Wednesday, November 18 15:00h - 15:45h (GTM +1): Cities for Global Health: A city-to-city platform to face the pandemics
