General Assembly of the European Innovation Partnership (EIP) on Smart Cities and Communities

24 May, 2016

eu-smartcities.eu/generalassembly16

This General Assembly is jointly organised by the European Commission Directorates-General for Mobility and Transport, Energy and Communications Networks, Content & Technology. It is an official associated event of the Dutch Presidency of the European Council of the European Union. In its third edition, this event is the place to be for learning about key policy and market trends for smart cities and communities and creating new contacts and networks.

Participating at this event gives the chance to learn more about and join the different European Innovation Partnership (EIP) roll-out initiatives that create critical mass in key smart city areas such as smart mobility, energy, lighting or urban platforms. EIP roll-out initiatives will be the centre of the programme, both through

dedicated initiative meetings and a general implementation outreach strands, where participants have the chance to engage in concrete interactive discussion.
