Post-Habitat III | The challenges of the metropolis beyond Habitat III: a contribution to the New Urban Agenda

22 May. 2018
posthabitat3.amb.cat

International experts, as well as metropolitan representatives mayors from cities and metropolises from around the world, will meet at this congress convened by the Metropolitan Area of Barcelona in order to discuss the key elements that must shape the new urban and metropolitan model of the future to build societies that are fairer, healthier, more cohesive and more sustainable.
