City Managers Community 2021: 5G webinar

07 Jul. 2021

07 Jul. 2021

The **Metropolis City Managers Community** is loaded with new activities in 2021. This year, Metropolis is fostering the engagement of the top leaders from our membership who are in charge of the implementation of 5G technologies, which have applications in diverse public services at metropolitan scales, at various stages of implementation.

Exclusive to representatives of the Metropolis membership, this online session will offer to a small group of people with similar responsibilities in their metropolises the opportunity to:

- get to know each other
- discuss the preliminary findings of the survey **5G Metropolitan Portrait**
- exchange additional information about their 5G initiatives
- delimit the topic and dynamics of the next activities of the group, scheduled for October and November
