A Tree Awakening - #EUGreenWeek

11 Jun. 2021

11 Jun. 2021

Documents:

The City of Ljubljana, the Barcelona Metropolitan Area (AMB) and the Brussels Capital Region have all recently been awarded Tree Cities of the World status (TCoW). Bringing together the three cities as a partner event of the EU Green Week, European Forum on Urban Forestry (EFUF), European Forest Institute (EFI) and CLEARING HOUSE project, invite you to join an online 'tree awakening' activity - focus - celebration of trees to build and strengthen existing relationships at a continental level.

The 2-hour interactive online event is targeted at practitioners, researchers, policymakers and everyone eager to explore ways to work together towards a greener and more resilient future in cities around Europe and beyond.

The 'tree awakening' will follow the main theme of the life of a tree in the city, which will be explored by a range of high-level speakers and throughout a technical panel discussion, where participants have the opportunity to engage in an interactive Q&A session.

To round off the 'tree awakening', attendees and urban adventurers are invited to explore trees and forests around the City of Ljubljana, the Barcelona Metropolitan Area (AMB) and the Brussels Capital Region from anywhere around the globe or in-situ to as a selfguided tree discovery excursion to learn about the manifold

opportunities and challenges urban green encompasses in these three areas.
