Nature-based solutions are increasingly sought as measures to mitigate climate change impacts and address related societal challenges through actions of protecting, managing and restoring natural and modified ecosystems, especially for post-pandemic recovery. This webinar will showcase examples of how nature-based solutions are being implemented and their societal benefits and discuss implementation barriers and considerations for applying them in urban environments.

Speakers

- **Ms Yong Huai Mei**, Senior Technical Officer, Wetlands International Malaysia
- **Mr Benjamin Ong/Ms. Suzanne Ong**, Head of Exploration, Accelerator Lab, UNDP Malaysia
- **Ms Normaliza Noordin**, CEO, Putrajaya Corporation (PjC) Environment, Lake and Wetland, Malaysia
- **Mayor Penang Island City Council**, Malaysia

- **Ms Perrine Hamel**, Nanyang Technological University, Singapore
- **Ms Khariza Abd Khalid**, CEO, Gamuda Parks, Malaysia

Opening remarks: Datuk Seri TPr. Haji Mahadi, Mayor, Kuala Lumpur City Hall

Welcoming note: Mr. Niloy Banerjee, Resident Representative, UNDP Malaysia, Singapore and Brunei Darussalam
