Barcelona 2030 Agenda Awards

26 Apr. 2022

14 Jun. 2022

The **city of Barcelona organises the Barcelona 2030 Agenda Awards to both recognise and raise awareness** of innovative initiatives with a measurable impact on meeting Sustainable Development Goals in Barcelona. **The deadline to present the projects will be open until June 14.**

The commitment to the UN 2030 Agenda is one of the main government priorities of the actual municipal mandate. Meeting the SDGs implies **a transformation of production and consumption systems, as well as of public policy**; a transformation that can only be achieved through joint action by all the institutions, and with the participation of economic and social agents and city resident.

The awards also aim **to create an annual space for meeting, reflection and mutual recognition** for citizens and all those who are part of the political, business, academic and social fabric involved with the objectives of the 2030 Agenda. With the award, **Barcelona will be contributing to raising profiles and implementing innovative actions.**
