PREFEITURA
BELO HORIZONTE

Trabalhando por uma cidade mais feliz.

City Managers Community 2022

Belo Horizonte city is the **fifth biggest** metropolitan region in Brazil (5,9 million people)

Current transport system: **Bus + BRT + Subway**

Bus + BRT system: **23 million passenger/month** (2400 buses)

Subway: **6,5 million passenger/month** (less than 30 km long)

Fare: R\$ 4,50 (~ \$0,86). Integration fare: municipal bus system + subway.

The system is entirely funded by farebox revenue.

Current there is a municipal subsidy due the patronage decline in Covid-19 pandemic until march/2023, and a one-off federal subsidy until the end of this 2022 to cover the costs of elderly passengers (+65).

New financing model is being developed.
